March 2019

Dear Parents

We are very proud to announce the results from our most recent one day interim Ofsted Inspection. Once again we have had external validation of the things we hold as our aspirations for children. It has been recognised that we have high expectations of ourselves to ensure we support children to grow in their personal development as well as their academic learning.

You have today received a copy of the full report but here are just some of the wonderful things the inspector had to say:

Pupils are a credit to the school and their parents. They try hard in lessons and participate in the many clubs and activities you offer.

Teacher's assessments are accurate and reliable.

Pupils feel safe and happy knowing that staff are there to help them.

Pupils say that bullying does not happen at school and if it did, teachers would deal with it straightaway.

The school is a calm but productive environment with bright displays that celebrate pupils' hard efforts.

Older pupils help younger ones at lunchtime. Playground buddies make sure less self-assured pupils have friends to play with and that everyone plays sensibly and safely.

Leaders are very quick to identify any pupil at risk of falling behind in their learning and modify provision to meet their individual needs.

Pupils' workbooks reflect strong progress in writing not just in English, but in other subjects too.

Mrs Everitt and her leaders identify precisely the most urgent priorities to improve provision to benefit children so they achieve as well as they can.

With effective support and challenge from the governors and strong commitment from staff, the school's overall effectiveness is improving rapidly.

Teachers and teaching assistants modify provision to plan for individual pupils' needs effectively.

The school provides pupils with every opportunity for them to grow in their personal development. Pupils have a secure grounding in their basic skills in literacy and numeracy and value learning.

Pupils behave well and work hard because they enjoy learning.

Pupils are very kind and supportive of each other at all times. Staff know that some pupils experience particularly difficult issues in their lives. They support these pupils' social and emotional needs very sensitively.

I am very proud of our children and staff for all the hard work, commitment and enthusiasm, which has led to the sustained improvements in school. Thank you very much for your continued support on our journey.

Yours sincerely

J Everitt
