NEL School Nursing Service

School Nurses work across all primary and secondary schools in North East Lincolnshire with the aim of providing a service that promotes and protects the health and wellbeing of all children and young people. They do this by:-

- Liaising with other health professionals and schools to ensure pupils have their health needs met in an appropriate manner;
- Offering support to children, young people and families with concerns surrounding health issues such as continence, sleep, wellbeing, diet and lifestyle;
- Referring to other agencies for assessment and further support as require.

If you wish to refer a child or young person to the service please contact the team on:
