Year 1 and 2 Robot Workshops

On Monday and Friday this week, as part of Year 1 and 2 topic work, we held two fantastic parent workshops! In their Design and Technology lessons, the children have been learning all about different types of robots and what they can do. During the workshop, the children, along with their parents had the chance to create their own robot using the skills they had learnt. All the children and parents thoroughly enjoyed working together, demonstrating brilliant skills and creating some incredible robots!

GB Paralympian Cyclist Liz McTernan

We welcomed a very special visitor in to school on Thursday 8th February – Liz McTernan, who is a record-breaking para-triathlon champion. Liz led a sponsored fitness circuit with each class in turn and this was followed by a motivational assembly which included a questions and answer session at the end. The aim of this event was to inspire our children to be more physically active and encourage them to believe that we can all achieve great things through determination and hard work. Thank you to all the children who have already returned their sponsor forms and money raised for this extremely important cause. Can all sponsor forms and money be returned to school by Friday 23rd February. Thank you.

IT Equipment

Many thanks to all of the families who joined us for our special Christmas Quiz Night. The money raised has made a huge difference to your children in helping us to purchase brand new IPADs for use in class by the children.

Our School Vision

Unlocking possibilities, making a difference

'I can do all things through Christ who strengthens me' Philippians 4:13
